Give three observation / suggestions to improve the overall teaching & learning experience in your institution. she/he can also mention weaknesses of the institute here. (Kindly restrict your response to teaching learning process only)

Nothing
Improve lab facilities
Internal assessment should be done genuinely
It would be useful if they try to complete the portion within the time period so that students can prepare well.
Students must be given ideas of internships which can be done in both private and public institutions.
None
Internships
Institution plays a major role in developing overall skill of student.
Improve all
I think its good
Try to increase the knowledge Understand teaching not as a job,not an easy salary getting job,more responsible job.Those who are selected for this teaching should be skilled in this teaching field.
Nothing
Just they have to add some field trip, industrial visit for students.
No suggestions
Attractive,friendly Atmosphere
Provide good mentorship.
It is a perfect institution for studying
Overall good
Good
Good education
Include more technical courses.
more use of technology , better and cleaner environment .
Provide skill based learning,provide placement
To conduct seminars in class frequently
Can include more practical examples for the topic thought and make the classes engaging.
Give more encouragement to students
Nothing
Expand the department libraries,
No suggestion
good enough
Utilize a variety of technology options ,Try new learning methods,Conduct classes outdoor sometimes which will be more interesting.
Providing printed notes, providing the students field works, makes the education more comprehensive and entertaining.
Get provide more technological developments
Fully satisfactory

Printed notes and field works and practical studies should be made available so as to makes the syllabus more comprehensive.
1. Provide internships 2. Include practical learning
It would be better if teachers try to discuss dally current affairs with the students and try to connect it with the syllabus they are teaching.

Was good but we never get a chance to interact except the class. There are not enough practical studying for vocational courses
Advanced teaching technology like seminar presentation with projector.
Very good experience.
By making group discussion,
Improve field visit opportunities
More teachers must use ict tools in teaching methods. 2. Provide more experimental classes than theory classes . 3. Reference books should be provided to each topics
Should be more student centric
Fellowship ogrammes should be promoted
More experiments and application
Use more examples
Teachers should understand the weaknesses of all students,not the selected ones..More internship programs need to be conducted..it would be helpful if the use of visual media tools..
"Consider every students equally
Conduct internship programs , Revise the syllabus every year so that students will be updated about the present updates
Consider all students equally.
Good
1)More number of intenship programs 2) placement opportunities
Very bad institute
Supporting students , encourage ,
Teaching learning is good for this institution .
I think overall teaching is good

The overall teaching-learning experience in our institution is very good
Teachers build a good relationship between students
lack of proper textbook was one of the weaknesses
Should be more strict
Some more upgradation in syllabus
Good preparation is needed.
Nothing
I think teachers should more often teach us matters according to syllabus so that we'll be ready for our exams. Thank You
Good teaching process
An hour, once in a month should be dedicated to teacher-student bonding
I'm satisfied with the teaching methods.
Its good
More practical learning is effective
Personally i dont have any suggestions for my teachers. Because all of them are teaching in their own style and majority of their classes are understandable. But minority of them have to try to teach more efficiently.
Excellent service
No weaknees
It may make more use of projector etc
Use more technologies like projector that are provided in the classroom
Make a mental connection with the children
Academic was very good. Maharajas college helped alot for improving my confidence and communicating skills. And teachers also supported for completing my gratuation.
Clear notes , well explanation, good clarity about all
Gaining ideas on ways of structuring information to make it more accessible to students

Not bad
Good
Good
Good
Use of projectors showing live examples
Campus placement opportunities, internship facilities
All is good
Nothing
Try to teach with more visual videos..to make it more effective
explained in a better way. Internal marks sometimes seem to be biased. It should be avoided. The teacher wants all the students to get good marks and succeed But whether the children are taught or not, and whether all the children pass or not, it has often been felt that everyone is in a state of arrogance that he will be paid But I think this trend should change as soon as possible.
Teach concepts using projectors multimedia etc
Sometimes, teacher-student friendship seems to be poor. If it became improved, it will be helpful to ask and clear doubts by students without fear.
The Experience I faced was worth studying in this institution. Best quality education has been provided and the teachers were good at explaining every concept clearly.
No suggestion
Usage of Student centric learning method have been effective

Good teaching and teachers who gave well support,courage and motivation to the students
Good teaching and teachers who gave well support,courage and motivation to the students

Nice faculties, teaching and non teaching staffs
No suggestions
promote internships,
Foster stronger connections between students, faculty, and staff. Students need a oego-to person. Overall everything's fine there.
Campus is not clean.
Teaching and co curricular activities are very effective for us. And also they are always ready for us in any situation.
Nothing
1. More like campus selection needs to be brought up
As a student, it was a great experience for me to study in the institute guided by the best teachers. I have improved alot as a student and also I have improved personally.
Make a good relationship with students
Nothing

Satisfied
To provide extra classes like net coaching etc.
Be more interactive, add bit more life examples in studies.
Increase use of teaching aids, promote itemship facilities, activate placement cell
Increase the use of projectors while teaching.
Increase the use of projectors while teaching
While taking classes it is good if they gives us a feild visiting about the particular subjects
Placement cell in the college should be strengthened.
Nice faculty's saffs and teaching
Syllabus modification, include CSIR NET orientated classes
No more suggestions
Nothing
Encourage students in learning according to their capabilities and make them aware of the extensive oppurtunities in front of them and to select a way for a better future.s
It will be better if teachers could understand each student's mental capability and provide them help in their studies.
Much need to improve communication between teachers and students
More interactive sessions about career opportunities, options for higher studies should be provided to students.
Good

Never restrict students.give their own freedom.never tell them that dont communicate with other department students.understand the students and treat like that.thank u
Teaching learning process is very good.Could conduct small testpapers in between the semester and give preparation for internal and external exams.
Nothing
Genuine efforts are required
Introducing more debates in the classroom regarding the topics
I think learning experience through online mode was very difficult than offline. So, teachers should focus on improving online classes.
Try to do more problem in class
Nil
Effective interaction with students
The current teachers and their mode of teaching are good.
Teachers aways tried to bring the best out of their students.
Teaching and atmosphere is good
Give students frequent tests to study the subject thoroughly
Teachers should be more open to students ideas
The ambience is great for learning and the institution offers an opportunity to grow your skill sets .
it is better if we can provide placement assistance to students
Teachers should communicate more with students. Majority of teachers are beha
