

REPORT OF SCHOLAR SUPPORT PROGRAMME 2017-18

The scholar support programme aims at imparting personalized additional support to needy students through tutorials, study materials, additional lectures etc. It has been functioning in the college since 2012. An amount of Rs. 225500/- Rupees two lakh twenty five thousand five hundred only) has been sanctioned to our college. But we are not in a position to utilize the sanctioned amount completely. Because the amount was received only at the end of this academic year. The end semester examinations of sixth semester UG students are scheduled on 16/03/2018. So teachers are in a hurry to finish portions. Also the students are not willing due to the commencement of exam date. Hence the college council had decided to exempt these students from the programme during this academic year. Five subjects have been selected from the second year and 10 students from each subject are also selected. Similarly four subjects have been identified from first year 10 students have been selected for each subject. The faculty members handling classes for first year (semester II) and second year (Semester IV) are listed below.
