- Remarks:
 - Helps students to think in rational and scientific way
 - Very good
 - Good
 - Syllabus should be changed
 - The syllabus has good balance between theory and application
 - Content should be taught in malayalam which helps us to understand properly in a simple way
 - It will be better if the syllabus keep up to date in modern times in order to prevent confusions after theory studies when the candidate step out to practical world.

- 
- It's time to rewrite the syllabus. We need Contemporary relevance in what we studying.in current circumstance Neither students or teacher didn't know for or what they studying! We need clarification in that, As a Philosophy student some time I suppose to think what the hell is going on .In conclusion we need our syllabus are helpful to our career and life..with hope:)
 - Felt like there's a need a additional work experience in social work or public health.
 - syllabus is clean and clear. But most of the time we couldn't get the reference books from libraries. Also research scope absent in most semesters.
 - Need to revise the curriculum to an effective and creative aspect.
 - Syllabus can be more application level than theoretical

- 
- Best course but not generalized in all universities..have more opportunities but not recognized by any colleges about this course...good course as i studied.
And a good college I choosen for the study also..but need more.
 - A little more exposure to laboratory aspects
